

March 28, 2014

Justin O'Connor
King's Head Pub
254 Commercial Street, Suite 100
Portland, Maine 04101

Dear Justin,

This is to provide confirmation that we have approved your proposed signage for the easterly facing wall of the property, professionally made & installed, as follows:

One lettered sign, approximately 13' in length, comprised of 10" gold leaf lettering to be epoxied on to the existing I-beam; THE KING'S HEAD.

One double-sided blade sign, approximately 33"x42" in size, hung near the front door of the pub & out of reach by passersby; to be lit from the metal scrolled bracket.

This proposed signage must also meet the approval of City of Portland ordinances & Historic Review.

No further signage of any kind is planned or will be approved at this time, inclusive of temporary, window signage or portable types of signage.

Sincerely,

Dan Jacques
Waterfront Maine LP
