One Canal Plaza Suite 500

Portland, ME 04101

Dear Derek,

The Portland Longshoremen's Benevolent Society ILA Local 861 is a nonprofit Labor Association chartered by the State of Maine in 1880. The Association represents men and women working in the Marine Waterborne Transportation Industry. Our organization manages the benefit funds for our members and represents them in contract negotiations with the major Container, Breakbulk, Project Cargo and Cruise Ship Carriers. We have been active in the interest of the Port for many years dating back to 1880. Our members work at the International Marine Terminal, Portland Ocean Terminal and Ocean Gateway. We also actively lobby for public investment in the public marine terminals in the Port of Portland, ME and throughout the state.

We would appreciate to be considered a marine related and marine dependent entity for the purpose of leasing property at 254 Commercial Street, Portland Me 04101

Best Regards,

Jack Humeniuk

ILA Representative for New England
