**This letter goes along with permit #2014-02338**

**The following drawings and permit application go along with Permit #2014-02338 Issued 11/12/2014. for the ( shell) The drawings represent some framing changes but mostly a change in the location of the 2<sup>nd</sup> to 3<sup>rd</sup> floor stairway and the other room spaces that effects.**

**Originally when the permit was pulled the walls, ceilings and floors were covered with several layers of coverings and the framing was not visible, after exposing the frame it became apparent that there was a better alternative for the new staircase and that other existing framing had to be rebuilt rather than reinforced. The following drawings P3R,P4R, P8R, P9R,P10R,P11R, all represent changes to the corresponding page numbers that you have on file. P12 is a drawing showing a proposed finished laundry and bathroom in the basement.**

**I addition to the revisions mentioned above there is a permit application filled out that would cover the finish part of the project and any changes.**

**Please contact Bob Terenzoni 781-844-6367 with any questions**
