The liquor license is a requirement to get the permit for outdoor dining. As stated below, you need to provide the requirement of either the signature of the City Clerk showing approval or the date of when you will be going before the City Council. The insurance issue is OK as you stated. Please submit the requirement for the liquor license and we can enter the application in the system.

Dear madam, sir,

In regards to your questions below, we are still in awaiting our liquor license approval. It is all submitted at the same time, so it would be most efficient if the application can be signed when our alcohol license is approved, if possible.

As far as the liability insurance, I had understood it was not necessary for this specific application, as the seating will be on our own property and not on city property. I submitted the liability insurance to show that we have liability above \$400,000 ourselves.

Please let me know whether both answers are sufficient to your questions. Please feel free to also give me a call at my cell 542-4999

Kind regards,

Also, the information at the top, detailing your alcohol license is a requirement. Either have it signed that you are OK, or have someone in the Clerk's office put down your date of review by the council. That is also a requirement.

Oscar, you need to provide the insurance page that Names the City as additionally insured (on the document). This is a requirement. Please provide.

Oscar, the individual PDFs need to be named correctly. Please rename the documents what they are (literally) and send back. Thank you.
