Foundation Observations
New Platform Lift at Irish Heritage Center
Portland, Maine

Structural Integrity Job Number: 10-0036

Dear John,

This letter is to confirm that a representative of this office visited the above referenced site on 2/15/11 to observe the soil and foundation conditions for the new platform lift.

Based on our observations, along with instructions to the contractor and photos we are of the opinion the reinforcing, foundations and framing have been complete in substantial conformance to the construction documents.

Sincerely,

Aaron C. Jones, P.E., SECB, LEED AP
President
