Subject: Fwd: Chimney

Hi Laurie,

Here is an email from the mason. All he has in his file is payment info, very little on the way of a description. However, his mason who did the job remembers it and provided a description of his work. Please see below.

Thank you again, and please call me if you need anything else I can get!

Best,
Rebecca Dobrow

Rebecca,

I have spoken with the person who installed the liner and he remembers installing a metal liner from the thimble in the basement to the top of the chimney. This was for future hook up of a furnace.

Thank you

Todd Marco, MCL

Hi Todd,

Can you send me what you have on that one stainless steel pipe from the boiler? Any findings too would be helpful. I remember Ryan took pictures and documented that there were three original flues up there. Any notes on that?

Thanks!
