Attachments: Commercial Building PermitApplication @ 638 Congress Street Portland Maine (T-Mobile # 4PB1259A).pdf

Good Morning Doreen:

The cost of construction is \$26,000. I added it to the application and re-attached to this email. You should have the other documents that I submitted via email last week.

Eric,

Could you please provide the "Cost of Work" on the General Building Permit Application form for the above subject project. We need this amount in order to determine your building permit fee and to enter your application into our

system. Thanks!

Doreen

Good Afternoon City of Portland Building Inspections:

Attached is a building permit application for T-Mobile's equipment upgrade at 638 Congress Street in Portland. Attached to this email are the following supporting documents:

- Commercial Building Permit Application (electronically signed by applicant)
- Certificate of Design (signed and stamped by a Maine licensed engineer)
- 7 files of the construction drawings stamped by a Maine licensed engineer as follows:
 - A1 Title Sheet
 - A2 General Notes
 - A3 Roof and Equipment Plan
 - A4 Existing/Proposed Antenna Plans
 - A5 Elevation
 - A6 Details
 - A7 Grounding Details

I emailed a copy of the drawings to the City of Portland Fire Prevention office. They have not advised of any specific requirements, but did make them aware of T-Mobile's equipment upgrade. Please contact me at 978-808-8258 or by email at eric.kallio@smartlinkllc.com if you have any questions or need additional information. Also, please confirm that the filing will be \$300 so that I can request a check from my accounting department.

Thank you,

Eric Kallio | Real Estate Specialist
