

6/11/01 - left message - confused over this permit - There WAS A previous sign permit - This one looks exactly the same - No new info, was the old sign never erected and now she wants her sign up? J

9-27-01: Visit to site. Sign is in place & appears to have been there for considerable time being that paint has begun to chip. Sign may have been repainted only. NB.

9-27-01: Work complete NB
