This drawing is a representation of the existing building at 24 Deering Street, located in Portland, Maine, for the purpose of providing information to the owners of the condominium units for individual ownership. It does not, in any way, represent a design by the Architect, nor does it represent a design that the building complies with any or all applicable codes and regulations. The Architect does not warrant that a structural analysis of the building has been performed, nor does the Architect warrant the building performance, code compliance, and other matters with the current and all future building owner(s).
