Bayside Maine LLC
645 Congress Street
Portland, Me 04101

Attn: Kathi Nickerson

Re: Fire Sprinkler Inspection Quote
645 Congress Street Portland, Maine

We are pleased to quote \$648.00 to perform quarterly inspections of the wet pipe sprinkler system.

Quote includes:

- One complete fall inspection for the entire building and Anti-Freeze system.
- Three quarterly inspections of the operation of the Floor control valves and alarms.

Billing will be \$140.00 for the quarterlies and \$228.00 for the fall inspection.

This quote will require an Alarm / Maintenance person to operate the Alarm panel during the Inspections.

Thank you for considering Residential Fire protection for your fire sprinkler needs and if you have any questions please don't hesitate to give me a call.
