Comments: The current legal use of this space is office. A licensed massage therapist is considered an office, so no change of use is required for the massage portion of the business. A building permit was applied for in October 2017 (Permit #2017-01590) to add a retail use to the massage office. This permit has not been issued yet, but is not relevant to the current license request. The retail use may not be added until the permit is issued.
