The project will include only the back and sides of the building. The front will not be touched. The Mansard side roofs currently have 3Tab asphalt We will be replacing the old shingles with GAF Slateline asphalt shingles, the color is antique slate. we will also replace the old aluminum drip edg The flat roof will have a new EPDM rubber installed on part of it. Some of the fascia that is rotted or in bad repair will be replaced with Azek trim boards. In the areas where there is decorative wood gutters or cr the fascia has been replaced.
