Subject: Re: 236 State St

Hi John,

I wanted to give you an update on our building at 236 State St. We have been tackling the items on the list you gave us to legalize our third unit. We finally saved enough money for the fire doors and they have just come in. We will be putting them in one at a time on weekends, but hope to be done by early summer. The last thing we will need to do is hire an electrician for the third floor unit. Once that is done, we will have hopefully met our requirements for building and fire codes.

I will let you know as soon as the work is finished. Please don't hesitate to contact us sooner if you need to.

Thank you,
Jill McMahon

We have started tackling the upgrades, but are trying to figure out a budget for the more expensive items (I.e. fire doors). How long do we have to complete the entire list?
