**Subject:** Query on an old application

---

Hi,

Can we meet on Monday to decide how to handle an old permit that I have had on hold? I had several issues before I could review it, but I am ready to send it forward. It is in paper format. I am having trouble finding it in One-Solution, but I don't think it should be there any way.

Thank you. I promised the lawyer that it would now start being reviewed by building and fire and I don't have a way to do that.

Marge
