Hi Ann,

They are both private and have not been accepted by the City. They show as "passageway" on the 1882 tax maps.

I have a survey of the site from 1999 which states they are public, but that is not correct.

Bill -

I just met with someone who is interested in purchasing a parking lot (CBL 047-C-021, 022 & 040) behind Congress Street between Deerings Lane and Douglas Lane. Are these private right of ways or public?

Thanks.

Ann
