Bill,

I think you are out of town.
We had discussed to put a sign on the side of the building. We never got to it until now.
Here's the sketch. We are planning to have it installed by late April.
We are doing the permitting now with the City.
I just wanted to keep you in the loop.

thank you,

Jacques Santucci

Nice to hear from you. The signage is fine as you have described, just make sure you get all

of your necessary permitting from the City as they can be fussy.

Subject: Signage

Bill,

Hope this email finds you well.

NPG would like to add a sign on the Congress st side. Just the logo and name.

We talked about this last year but before contacting Welch Signage to look into it, I wanted to reach out and make sure we are on the same page for the location (I think on the side of the alley).

Thank you.
