Re: Wayne Douglas, Home Occupation Request

Dear Zoning Administrator:

GPM has read and understood Mr. Douglas' request for a home occupation and considers it an acceptable use provided he remain within the grounds stipulated in his letter and in compliance with all applicable laws and codes. We thus grant our permission to Mr. Douglas to purvey goods from his apartment in the manner described and in accordance with all laws and codes. GPM reserves the right to revoke this permission in the event that Mr. Douglas' work should ever become a nuisance, interfere with the peaceful enjoyment of his neighbors, loose compliance, or be deemed by us as an unacceptable use residential dwelling.

We wish Mr. Douglas the best of luck in his enterprise.

Sincerely,

Tim Gebhardt
