Notice of Violation/ Tenant Notification

Dear Timothy Gray:

An evaluation of the above-referenced property with Officials from the City's Inspections Division on 07/17/2015 revealed that the structure fails to comply with § 6-108 (d) and § 6-116 (b), of the Housing Code of the City of Portland. Specifically, the damaged and decayed portions of the building and front and rear three (3) level exterior porches must be demolished, and or repaired in accordance with the City of Portland Building Code (MUBEC). Furthermore, the 1st through 3rd Floor front and rear (non-egress) porches must remain vacated and secured from tenant use, and the stored items in the interior hallways and stairwells must be removed immediately.

Given the present circumstances of this Property:

1. The building's exterior porches must remain totally vacated and properly secured from tenant use.
2. Submit a building permit electronically, for the demolition, or repair of the exterior porches and interior rear stairwell to the Building Inspections Office by 08/03/2015.
 - a. Note: The City may require the building Owner to engage and designate on the building permit application a registered design professional who shall act as the registered design professional in responsible charge. The design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.
3. Follow all inspection requirements outlined in each permit issued by the City.

No tenant(s) may occupy the exterior rear porches until further notice from the City. A re-evaluation and inspection of the property will occur on 07/24/2015.
