**Re: 497 Cumberland Ave Plan of Action**

Dear Captain Gautreau and John Martell:

I am having difficulty installing the system at the moment. Winter heating bills have exhausted the money account at the moment.

I am requesting additional time to perform. Also, do I need the pull stations. I am concerned about some of prankster tenants who seem to get drunk and do childish things.

If you have any questions, please call.

Sincerely,

Lawrence A. Robinson, Manager
