RE: Hadlock Field Signs

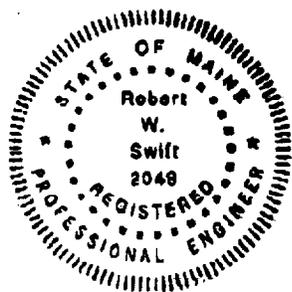

Dear Brian:

I have reviewed the design of the Hood and Norway Savings Bank signs for compliance with BOCA 1999. The horizontal 2"x6" members spanning between tube supports should be spaced at 24" on center instead of the 48" on center as noted on their sketches. The tube supports for the Norway Savings Sign should be HSS 10"x 10"x1/4" instead of the IHS 8"x 8"x 1/4" as noted on their sketches.

Attached are sketches SKS-1 thru 4 showing the framing for supporting the Citgo sign and Coca Cola bottle off of the left field wall framing. This framing has been designed to comply with BOCA 1999.

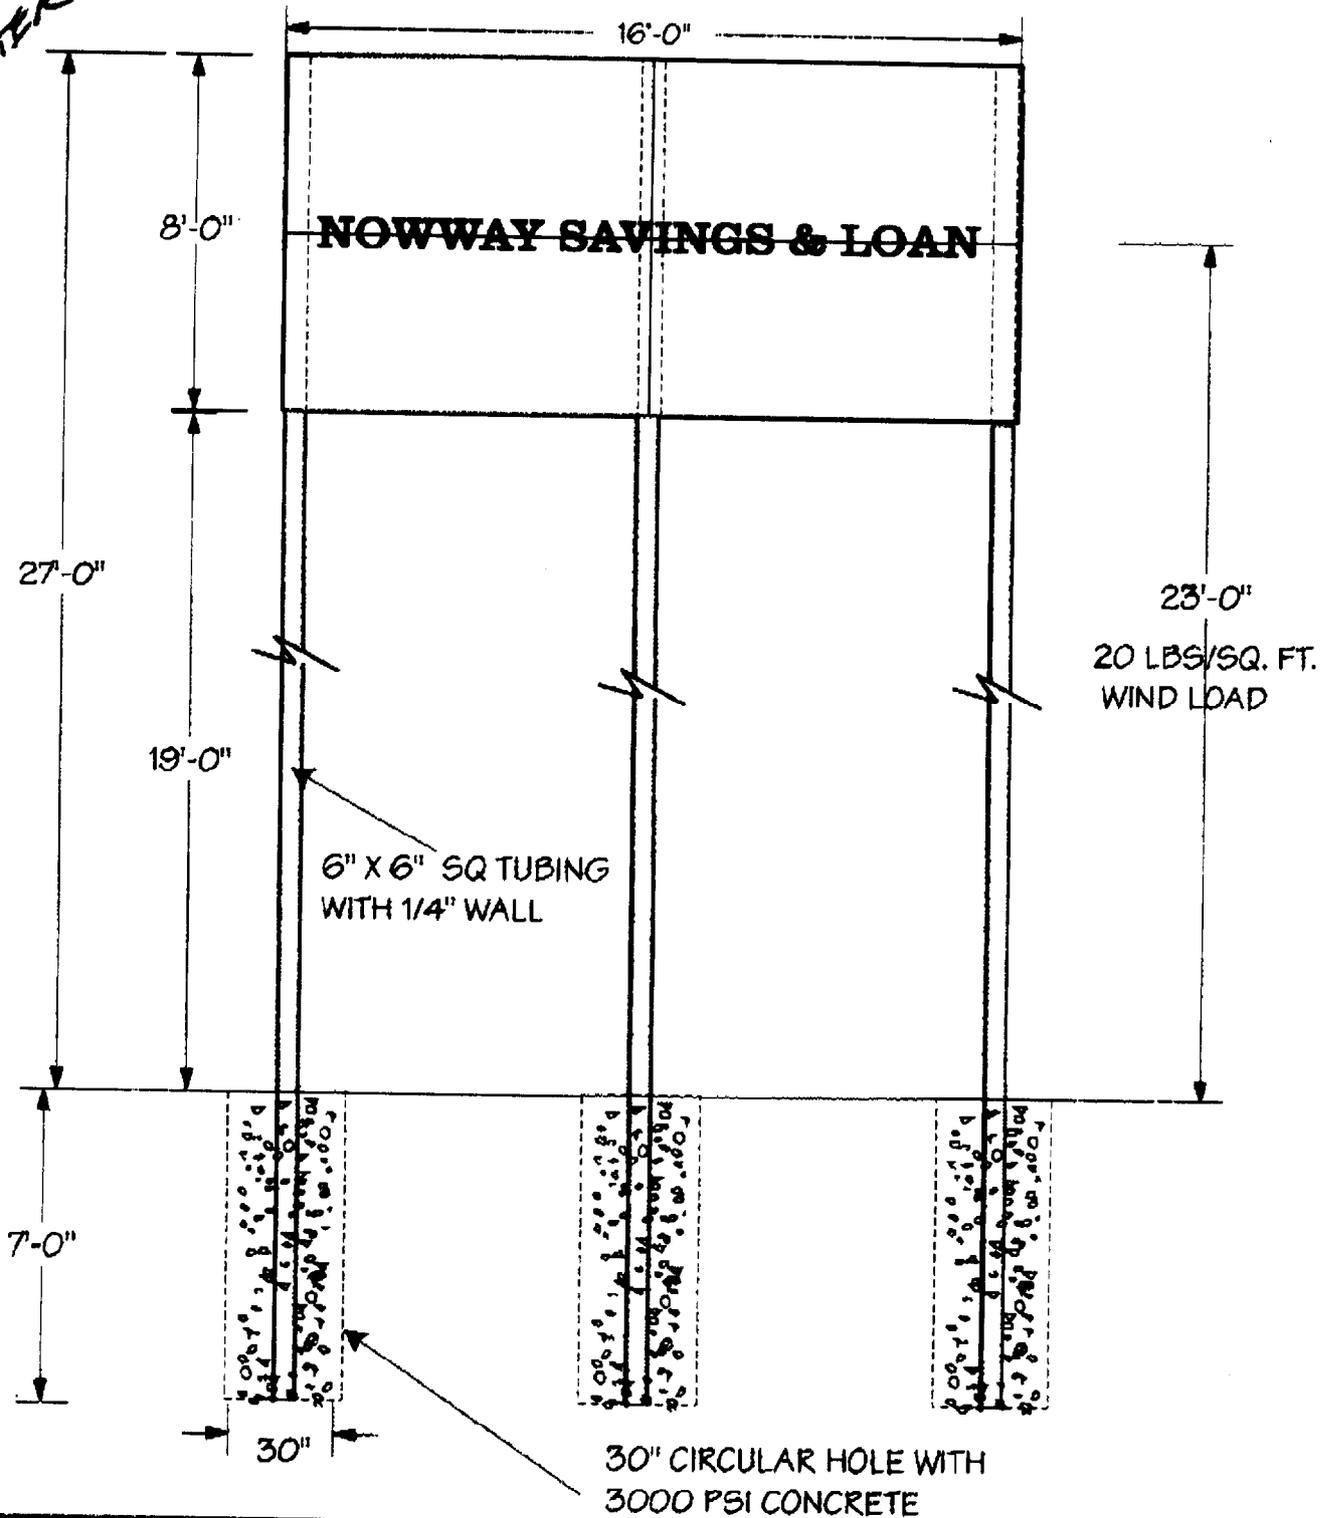

Sincerely,

*Robert W Swift*

Table 2.4

## ROS & RPZ Open Space Zones and Signs in all Municipal Parks

These regulations shall not apply to municipal stadiums with a seating capacity of greater than 6000 seats.

See also Sec. 14-370.7 "Special Sign Types", for regulation of signs associated with seasonal sales/markets, special events, fairs/festivals, etc. Signs in designated historic landscape districts shall also be subject to the provisions of article IX of this chapter.

### Freestanding Signs (a)

	General Park Identification Sign	Concession/Facility Signs (b)
Area	20 sq. ft.	16 sq. ft.
Height	5 ft.	8 ft.
Setback	5 ft.	5 ft.
# Freestanding signs per lot	1 per major vehicular entry	1 per concession or facility (c)

- (a) All signs shall be integrated with existing landscape features or shall be visually related to existing architecture in terms of materials, color, scale, etc., as determined by the planning authority.
- (b) Product trademarks shall be limited to not more than 5% of the total sign area.
- (c) Concession stands or other facilities located within an RPZ or ROS zone shall be allowed one freestanding sign or building sign, not both.

### Building Signs (a)

	Concession/Facility Signs
Maximum permitted sign area	20 sq. ft.
Sq. ft. per linear ft. of bldg. facade on which sign will be placed	1 sq. ft.
# bldg. signs permitted per lot	1 per concession or facility (b)

- (a) Building signs shall be visually related to the building on which they are located in terms of materials, color, scale, etc., as determined by the planning authority. Product trademarks shall be limited to not more than 5% of the total sign area.
- (b) Concession stands or other facilities located within an RPZ or ROS zone shall be allowed one freestanding sign or building sign, not both.

*continued* →

## ROS/RPZ Zones, Signs in all Municipal Parks Continued

### Scoreboards

Scoreboard size shall correspond to the size and type of facility in which it is to be located, as determined by the Recreation Director. Commercial sign content shall not exceed 15% of surface area of scoreboard.

Most Schools are in Residential Zones & would be subject  
Also to these requirements

### Ballfield Booster or Sponsor Signs

Such signs shall be exempt from regulation, provided they remain in place only for the applicable season and do not exceed 32 sq. ft. in area each.

RE: Proposed Signage at Hadlock Field

Dear Charlie:

We have reviewed your sign application submitted for various signs at Hadlock Field. Based on our review, the following additional information will need to be submitted. Please note that these items are referenced on the second page of the signage application previously distributed to you.

1. A letter of permission from the property owner. I will contact the City Manager's office concerning drafting such a letter.
2. Submit a sketch plan of the property showing the location of all the proposed signs, the Citgo sign, the Coke sign and the 17 sign panels proposed along the right field wall. The sketch plan could be a modified version of a previously submitted Hadlock Field site plan appropriately modified showing the location of all the proposed signs. The plan should reference the Sign Solutions folder depicting existing and proposed signage along the outfield wall.

Once we receive the above information, Marge Schmuckal, Zoning Administrator, can then process your application accordingly. Please note that a separate permit will be required for signage involving electricity.

Should you have any questions concerning this letter, please call me.

Sincerely,

Richard Knowland  
Senior Planner

Charlie -

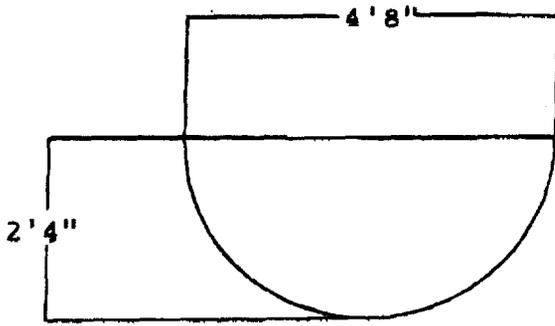

This is a photo of a 15' bottle, similar design as the Fenway bottles. The next email will have a drawing like the previous ones, but updated with information specifically for this bottle, and a stat sheet. Thanks, Dianna

RE: Coca-Cola bottles

Charlie –

Larry asked me to forward some additional information to you.

Attached is a photo of a 15' bottle used during the Olympics in Atlanta. This design is the same as what is in Fenway Park with the exception of the label.

The fiberglass will be a standard 3/16" (approx) thickness. The bottle will be full round with an interior 'sleeve' corresponding to the pipe or I-beam that it will slide over. The dimensions are as designated on the attached drawing. Included is an example of how the interior will be fabricated. There will be 'pick-up' points for lifting the bottle into place. Based on adding the interior structure the estimated weight will be around 600 lbs.

I suggest setting the center of the bottle back at least 36" to make sure the bottle will not 'over-hang' the field.

Please let me know if you need anything else.

Thanks, Dianna Snell

**Re: #1-Signage on top of the new leftfield fence  
#2-Relocation of signage from both levels of the existing leftfield fence**

**Attached is our application to facilitate the changes we need to make per the installation of the new leftfield wall. Details on the Citgo and Coke signs should be arriving within the next day or so. I will deliver them to you as soon as I receive them. The information pertaining to the relocation of the signs from both levels of the existing leftfield wall is attached. Due to the ever-dwindling time before Opening Day, I ask that you move forward on that portion of our request immediately. Any consideration you can give in regards to the acceleration of this portion of the application would be greatly appreciated.**
