RE: 13-17 Deane Street – 51-B-8 – R-5 Zone

Dear Ms. Brissette,

I am in receipt of your request for a determination concerning the use of the property at 13-17 Deane Street. I have received copies of multiple years from the City Directory, along with copies of information from Inspection Services files.

In 1948 the property use was changed from three to four dwelling units after the approval from the Zoning Board of Appeals. Subsequently a permit and certificate of occupancy were issued for four residential dwelling units in the same year. Then our records show several permit applications and housing inspection reports from 1963 to 1983 that give the use of the building as three dwelling units.

The submitted City Directory information shows the most consistency in use with the given years 1965, 1975, 1985, 1994, 1995 and 2000. All such entries show the use to be four dwelling units.

It is unfortunate that the hired contractors apparently filled out the information on their permit applications in error.

Based upon the submitted documentation, I have determined that the continued use and current use of the building to be four (4) legal residential dwelling units.

If you have any questions regarding this matter, please do not hesitate to contact me at (207) 874-8695.

Very truly yours,

Marge Schmuckal

RE: **51-B-8 DEANE ST 13-17**

I am writing this letter because of an error/misunderstanding that came to my attention on May 25, 2012. **This property is for sale** and upon inquiry from Realtor Veronica Schneider; Ann Machado gave the information that this property is a **three-family** property.

This **then 3-family** property was purchased by my parents George A. and Juliet T. Roy in 1946, three months prior to my birth. In 1948 my father applied to the proper authorities to have the building legally changed to a **4-family unit**. He made out the application, paid the \$75.00 fee and ultimately was given an occupancy permit for a **4-family unit**, to include two apartments on the 2nd. floor. I have all the documentation showing this process did in fact happen.

In 1963, I was told by Ms. Machado, that a Carl Holmes made an application for a permit to install a picture window in our 3rd. floor apartment living room. I will acknowledge that the window was installed. My problem with this situation is that Mr. Holmes noted that the house was a **3 unit** on the application. It appears that his mistake in noting this house as a **3 unit** has caused the status of this house to be "automatically changed", with no other documentation or inquiry made to the owners to verify this change.

Mr. Holmes **was not** the owner of the house and no doubt walked up to the 3rd floor, going by a non-descript door on the 2nd. floor landing (**Exhibit A**) and "assumed" that door belonged to one tenant when in fact the door leads to a hallway with two separate apartments on the second floor. (**Exhibit B**)

Here lays the crux of the problem. The clerk assumed that because Mr. Holmes noted a **3 unit** that the house "WAS" in fact a 3 unit, **which it is not**. The house's **4-family** status has never changed since 1948.

My father, George A. Roy passed away in 1981.

At the time of my mother's passing in 1999 the house was occupied by:

<ul style="list-style-type: none">• My mother, Juliet Roy, who had lived on the 1st. floor for 51 years.
<ul style="list-style-type: none">• Michelle Brissette in Apartment 2A on the 2nd. floor.—Michelle had been living there 4-5 years at that time.
<ul style="list-style-type: none">• Kimberly Bridgham in Apartment 2B on the 2nd floor.—Kim had lived there 2 years at that time. Kim stayed approximately 7 years, leaving in 2005.
<ul style="list-style-type: none">• Monroe Duboise on the 3rd. floor.—Mr. Duboise moved to the house shortly before my Mom's passing. He stayed 10 years, until 2009.

Upon my mother's death the house was inherited by my sister Marilyn Binette and me, Evelyn Brissette. In 2000 my sister deeded her portion of the house to me.

I have attached copies of the bills that I have paid and pictures **to prove**, as I was told I must do, that the 2nd floor has had two apartments all along.

Copies of bills from 2000:

One common Central Maine Power bill pays the electricity bill for the 2 apartments (**2 Tenants**) on the 2nd. floor. (**Exhibit C**)

A separate gas bill is issued for each apartment—17 Deane 1 and 17 Deane 2 on the 2nd. floor. (**Exhibits D and E**).

You will note that I have attached a picture of the FOUR active **Unitil** gas meters that are attached to our house to service each individual apartment:

- 1st. floor
- 2nd. floor
- 2nd. floor
- 3rd. floor

In 2011 the house was occupied by:

- Theodore and Evelyn Brissette on the 1st. floor. ---11+ years.
- Michelle Brissette in Apartment 2A on the 2nd floor. ---18 + years.
- Gary Brissette in Apartment 2B on the 2nd floor. ---6+ years.
- Kinyua Gikonyo on the 3rd. floor. ---2+ years.

Included are copies of bills from 2011:

Again: One common Central Maine Power bill pays the electricity bill for the 2 apartments (**2 Tenants**) on the 2nd. floor. (**Exhibit F**)

A separate gas bill is Issued for each apartment-17 Deane 1 and 17 Deane 2. (**Exhibits G and H**).

The tenants on the 3rd. floor have ALWAYS paid for their own lights, heat and hot water. Therefore the cost of their utilities, and those of the first floor landlord, is **NOT** Included on any of the Central Maine Power or Unitil copies I have provided.

This property has been in my family for approximately 66 years. I have lived in this house personally for 32 of the 65 + years of my life. I originally lived in the house until 1967. My father and mother lived in this house the ENTIRE time they were alive and owned it. This house is and always has been a 4-family and there have always been two apartments on the 2nd. floor, since the permit was issued in **1948**. Documenting this house as a **3-family** was a clerical error that needs to be corrected. By accepting the permit information as accurate, as supplied by a contractor unfamiliar with the status of the house, and only with the job he was hired to do, was insufficient reason to change the status of this property. I would appreciate this matter being reviewed, with this "notarized letter" considered (as suggested by Ann Machardo) and the documentation provided.

I understand that a mistake was made on the part of my parents when they did not pick up on this erroneous information. If they had realized there was a problem they would have made the correction themselves years ago. Now that this error has been brought to my attention I am requesting that the house's status be rectified with the information I have provided.

Thank you for addressing this issue in a timely manner. A sale is pending~

Sincerely,

Evelyn M. Brissette-Owner

Mr. George A. Roy
15 Deane Street
Portland, Maine

Subject: Application for building permit to cover alterations in the 3-family apartment house at 15-17 Deane Street intended to change the use to a 4-family apartment house and proposed zoning appeal relating thereto

Dear Mr. Roy:

Building permit for the above work is not issuable under the Zoning Ordinance because the property is in a Residence C Zone where the existing 3-family apartment house is a non-conforming use--allowed to continue because it existed when the Zoning Ordinance became effective--and Section 14A of the ordinance provides that in case of such a change in non-conforming use, no structural alterations shall take place.

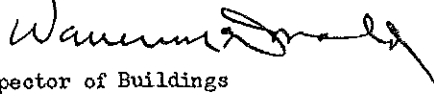

You have indicated that you desire to seek an exception from the Board of Appeals in this case, despite the fact that Section 10A8 of the ordinance, applying to Residence C Zones, makes it quite clear that the Board of Appeals do not have specific authority to grant an appeal which would establish four apartments unless the area of the lot is such that there would be at least 2,000 square feet for each dwelling unit. Your lot contains only a little over 5,200 square feet.

We did not talk the matter over in the office, but the same Section of the ordinance provides that each apartment shall have a floor area of not less than 600 square feet, exclusive of partitions, public hallways and storage space in cellar, basement or attic, if the Board of Appeals are to have specific authority to grant three or more apartments. The area of the proposed apartment on second floor on the left as one faces the building appears to contain something less than 500 square feet.

There is enclosed an outline of the appeal procedure. To get the matter before the Board of Appeals at the next public hearing which would normally come on September 3, it will be necessary to have your appeal filed in the office of Corporation Counsel no later than Thursday of this week, August 19.

It is certain that, should you be successful in your appeal, the Building Code will require some improvements as to safety and fire protection on account of the change to two apartments on second floor. We have made no attempt to check the proposition against the Building Code and cannot until the result of the zoning appeal is known to be favorable to you.

Very truly yours,

Inspector of Buildings

To the Board of Appeals:

Your appellant, George A. Roy, who is the owner of property at 15 Deane Street, respectfully petitions the Board of Appeals of the City of Portland to permit an exception to the regulations of the Zoning Ordinance relating to this property, as provided by Section 17, Paragraph E of the Zoning Ordinance,

Permit to cover alterations in three family apartment houses at 15-17 Deane Street to make four family apartment house is not feasible under the Zoning Ordinance because the property is located in a Residence C Zone where existing three family apartment house is a non-conforming use allowed to continue because it existed when the Zoning Ordinance became effective. However, Section 144 of the ordinance provides that in case of change in a non-conforming use, no structural alterations shall take place.

The facts and conditions which make this exception legally permissible are as follows:—

An exception is necessary in this case to avoid practical difficulty where necessary to avoid confiscation and can be granted without substantially departing from the intent and purposes of the Zoning Ordinance.

Dear Mr. Roy,

Enclosed is a copy of the decision of the Board of Appeals relating to the petition for exception to the regulations of the Zoning Ordinance relative to the property owned by you at 15 Deane Street.

Decision

Public hearing was held on the 3rd day of September, 1941, on petition of George A. Roy, owner of property at 15 Deane Street, seeking to be permitted an exception to the regulations of the Zoning Ordinance relating to this property.

Permit to cover alterations in three family apartment house at 15-17 Deane Street to make four family apartment house is not feasible under the Zoning Ordinance because the property is located in a Residence C Zone where existing three family apartment house is a non-conforming use allowed to continue because it existed when the Zoning Ordinance became effective. However, Section 111 of the Ordinance provides that in case of change in a non-conforming use, no structural alterations shall take place.

The Board finds that the conversion of the three family apartment house on the above premises to a four family apartment house is necessary to grant reasonable use of the property and to avoid confiscation and may be permitted without substantially departing from the intent and purpose of the Zoning Ordinance.

It is, therefore, determined that exception to the Zoning Ordinance may be permitted in this specific case.
