Copy to John L. Merriman-162 Falmouth St.

542949-1

April 3, 1931

Mrs. William F. Hanson
12 Exeter Street
Portland, Maine

Dear Sirs:

Enclosed is the building permit covering erection of 2-car garage for John L. Merriman at 162 Falmouth Street.

This permit is given based on the location which has been staked upon the lot and which was checked by this Department on April 2nd. If any change in this location is contemplated, application for the change should be made at this office before the change is made.

This permit is given upon the condition that fire protection is to be provided inside of the garage on the side wall toward the piazza of the dwelling house. The Building Code provides that no garage shall be built closer than five feet to any part of a wooden dwelling house unless fire protection is provided equivalent, in the opinion of the Inspector to that required when a garage is incorporated in a dwelling house. In your case, it will be necessary to provide on the side mentioned from the floor of the garage to the roof boards a lining of so-called asbestos lumber at least $\frac{1}{2}$ inch of 1 inch in thickness, and well cemented at the joints, or metal lath and Portland cement plaster. It is understood that there is to be no openings of any kind on the side of the garage toward the dwelling house.

If for any reason, you are unwilling to comply with these requirements, the permit is void and should be returned to this Department at once.

Very truly yours,

Inspector of Buildings.

Copy to Mr. W. F. Hanson-12 Exeter St.

March 17, 1961

Mr. John L. Morgan
162 Falmouth Street
Portland, Maine

Dear Sir:

Following your telephone conversation with the writer concerning the construction of a garage on your property at 162 Falmouth Street, we attempted to check the location of the building as you have it staked out but could not find a definite location of your property line.

The question as to whether or not your garage can be built under the Zoning Law at approximately the location that you desire it, is such a close one that it will be necessary for you to have a competent surveyor determine your correct property line before we can determine whether or not the Zoning Law will permit the construction of the garage.

Will you not have your lot staked out in proper fashion, and notify this office so that we may again check the location?

I shall be very glad to go over the situation with you in person if you will come to this Office at some time during the Inspector's office hours named above.

Very truly yours,

Inspector of Buildings.

City of Portland, Maine

Appeal to the Municipal Officers to Change the Decision of the
Inspector of Buildings Relating to the Property Owned
by John L. Merryman at 152 Falmouth Street

March 20, 19 51

To the Municipal Officers:

Your appellant, John L. Merryman

who is the owner of property at 152 Falmouth Street

respectfully petitions the Municipal Officers of the City of Portland to change the decision of the Inspector of Buildings relating to this property, as provided by Section 13, Paragraph c of the Zoning Ordinance, on the ground that the enforcement of the ordinance in this case involves unnecessary hardship and because relief may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance

The decision of the Inspector of Buildings denies a permit to erect a 2-car garage closer to the side lot line of the property and in such a location as to occupy a greater percentage of the depth of the side yard than is permitted by the Zoning Ordinance in the General Residence Zone where the property is located.

The reasons for the appeal are as follows: There has existed upon this lot a dwelling house for many years, and the only available location for a 2-car garage places the garage in a location not permitted by the Zoning Ordinance as outlined above. The only lot effected materially by this questionable location of the garage is that next to the premises in question on Falmouth Street, and this lot is occupied by a combined store and dwelling house which sets closer to the street line of Falmouth Street than would be permitted now, and much closer than the appellant's dwelling house now sets, and closer than the front of the garage is proposed. There are no living quarters in the first story of this building so that the location of the garage could not effect the light and air of the property next door.

31/7

March 30, 1951

To the Municipal Officers:

The Committee on Zoning and Building Ordinance Appeals to whom was referred the appeal of John L. Merryman with relation to the location of a proposed garage on his property at 162 Falmouth Street, reports as follows:

A public hearing has been held upon this appeal at which no opponents appeared.

It is the belief of this Committee that failure to grant this permit involves unnecessary hardship, and, inasmuch as the only building effected by the proposed location of the garage is a retail grocery store, a non-conforming use in the zone where the property is located, that desirable relief may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance.

Recommended that the appeal be sustained, and the permit granted subject to full compliance with the terms of the Building Code.

COMMITTEE ON ZONING AND BUILDING
ORDINANCE APPEALS.

Chairman.

317

PUBLIC HEARING ON THE APPEAL OF JOHN L. MERRYMAN AT 162 PALMOUTH STREET.

March 25, 1931

A public hearing on his appeal was held before the Committee on Zoning and Building Ordinances today with Councillors Craig, Wallace, and Brooks, and the Inspector of Buildings present.

Mr. Merryman appeared in support of his appeal, and rested his case with the statement of facts contained in the application for the appeal.

Mr. Brooks stated that he had talked with the owner of the store next door, and that this owner had no objections to the proposition.

No opponents appeared.

Inspector of Buildings.

3/7

March 21, 1931

To her It My Concerns

The Committee on Zoning and Building Ordinance Appeals of the Board of Municipal Officers will hold a public hearing at Room 35, City Hall, Wednesday, March 25th at four o'clock in the afternoon, upon the appeal under the Zoning Law of John L. Horryman at 182 Falmouth Street who seeks the right to locate a proposed 2-car garage closer to the side lot lines and to occupy a greater percentage of the depth of the side yard than is ordinarily permitted by the Zoning Ordinance in the General Residence Zone here the property is located.

A permit has been denied to cover the construction of this proposed 2-car garage on the ground that the garage is proposed to occupy a greater percentage of the depth of the side yard, and is also proposed closer to the side lot line on the side toward a retail store on the next lot than is permitted by the Zoning Ordinance in this General Residence Zone.

All persons interested either for or against this appeal will be heard at the above time and place.

COMMITTEE ON ZONING AND BUILDING
ORDINANCE APPEALS.

ARTHUR E. CRAIG, Chairman

3/7

March 23, 1931

Mr. John L. Herryman
162 Falmouth Street
Portland, Maine

Dear Sir:

The Committee on Zoning and Building Ordinance Appeals of the Board of Municipal Officers will hold a public hearing at Room 35, City Hall, Wednesday afternoon, March 25th at four o'clock, upon your appeal under the Zoning Ordinance with relation to the location of a proposed garage on your property at 162 Falmouth Street.

You should be present or should be represented at this hearing in support of your appeal as failure to be so represented will be considered equivalent to withdrawal of the appeal, and will be so reported to the Board of Municipal Officers.

COMMITTEE ON ZONING AND BUILDING
ORDINANCE APPEALS.

ARTHUR E. CRAIG, Chairman

OFFICE HOURS
10 TO 12 M.
4 TO 5 P. M.

City of Portland.

OFFICE OF INSPECTOR OF BUILDINGS
