RE: Ceiling Tile Installation Emergency Department
Maine Medical Center
Project No. 3234

Dear Mr. Collins:

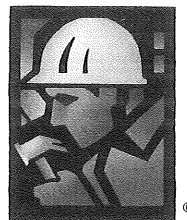

This letter is written to recap our telephone discussion of October 23, 1998. The acoustical ceiling tile was installed in the new portion of the Emergency Department inadvertently before a cover up electrical inspection. McCarthy will direct the opening of any ceiling to facilitate this inspection prior to it taking place. McCarthy will coordinate with Richardson Electric Company to insure that areas where boxes are located are visible.

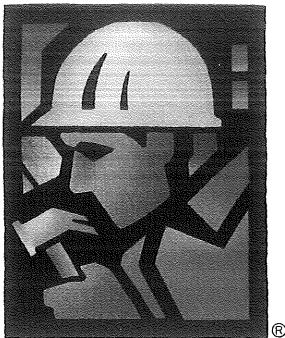

If you have further questions or comments, please call.

Sincerely;
McCARTHY BROS. COMPANY

James L. Fisher
Project Manager

cc: Dan Bickford – Maine Medical Center
Tom Birkemeier
Ed Stewart – Richardson Electric Company, Inc.
