Sorry, the AHU's will serve the existing OR's in the Bean Building. They are upgrading older units.

Ok, so what part of the building does this belong to? Is this for the entire Maine Medical Center structure?

Good morning.

Johnson & Jordan will be pulling HVAC permit later this week.  
I don't believe any building permit is being pulled as it is purely an air handling equipment replacement project with re-feeding of electrical.

Also, does this HVAC work belong to any particular part of the hospital? What building permit does it belong to?
