Hi Nell,

The Fire Department is satisfied with the latest site plan with the proposed islands removed. I've reviewed all responses from MMC, and their contractors, and we have no additional concerns with this project, based the latest plans submitted.

Please let me know if any additional changes are proposed.

Thank you,  
Mike

Thanks, Mike. Let me know if you have any further comments or if you're fine with everything as is.

Nell

Hi Nell,

I'm just confirming the new building on Congress Street will be addressed as [900 Congress Street](#).

Thanks,  
Mike
