

FILE NOTES:

11/22/96

Location: 37 Crescent St. & Congress St.
53-E-1-10-13

R-6 Zone - 6,456 sq. ft lot

The Assessor's pre-1957 records show the building at that time to be 6 dwelling units.

As of this date 5 units are in the building. Five dwelling units is now the legal use of the building.

Because there was no change of use on file to decrease the number of units, I suggested to the present owner that they should have taken out a permit for that change, and that all building & fire codes still have to be met.
