

Pinkham & Greer Civil Engineers provides civil engineering services to private and public sector clients. The principals in the firm, Thomas S. Greer PE and Stephen E. Stearns PE have experience with a wide variety of projects. We provided direct attention to each project and client.

Our experience includes projects for school districts, architects, private developers, commercial, and industrial clients. We work as part of a multi disciplinary team at the direction of our client.

Most projects involve some type of permitting. We are very experienced in packaging applications for Towns, the Department of Environmental Protection, and the Army Corp of Engineers. We utilize our network of consultants to meet all the technical requirements of the standards. This includes surveyors, wetland scientists, architects, and Geophysical consultants.

We work to make our clients successful and thereby making our firms successful. Our repeat client list is testimony to our efforts.
