Hi Shukria,

We were discussing the possibility of providing a tip down for the sidewalk at the intersection of Carleton and West.

There is sidewalk on each side of West Street are you proposing that we would put tip downs at both sidewalks or simply the sidewalk on Carleton before it crosses West Street? That is the section that we will be removing for burial of the underground power and I believe that is what you were describing but I just wanted to be sure?

Thanks,

Drew Wing

Hello Drew:

Attached is a pdf that Bruce and Tom would like to see at the ramp.

Thanks.

Thank you, Shukria. We are preparing the detail drawing as required in the final bullet point of the attachment.

Can you issue and approval contingent upon review and approval of that final detail?

Drew
