Hi Shukria,

I'm just checking on the status of the utility approval for 17 Carleton Street.

Thank you,

Hello:

Please let me know if you had a chance to review the information that Avesta submitted. Avesta wants to know if we are okay with the proposed changes.

Thanks.

Shukria

Hi Shukria,

The location of the pole and the proposed underground utility lines is good.

The remaining question that came up when we last met was whether or not the installation of a pole at the intersection would warrant the replacement or upgrade of the curb ramp. I'm not sure how much sidewalk will be impacted by the installation of the pole. Tom, have you ever seen a scenario like this where the only impact is a utility pole? We can raise the question tomorrow at the DPW meeting.

Thanks,

Lauren

Shukria,

Are the proposed changes in E-plan or a separate PDF? I remember looking at one a while ago but can't remember if it was in an email or not?

Keith
