Hi Shukria,

I'm wondering if we can establish another meeting with you and the City's consultants to review the electrical supply.

If you can provide a time or two that might work we will actually try to get a representative from CMP to attend.

We are trying to modify the plan based on the feedback we received from city staff last week, but the final design is largely influenced by CMP's requirements.

My sense is that a meeting will allow you and your consultants the opportunity to ask questions of the engineers and better understand the considerations and constraints that drive the final plan.

Thank you,

**Drew Wing**

Hello:

17 Carleton Street would like to meet with us again. Tomorrow may be too soon, we can aim for later this week or on Monday. Let me know which works better for you.

Thanks.

Shukria

We don't have an 11 a.m. meeting tomorrow. Do we want to squeeze this in?

For Lauren and Tom, I need coverage for the noon time meeting, but I am not sure about the 12:30 meeting. They don't seem to have any plans yet.

I will call him and ask if they can do a meeting at 11:00 AM tomorrow. I just thought it may not be enough time. I will call Drew right now.

Hello All:

Drew called and wants to meet onsite to discuss the electrical line, your thoughts? If we cannot make an onsite meeting, then he wants to come in next week on Wednesday at 11:00 AM.

Thanks.

Shukria

We could do an onsite at 11:15 on Wednesday, would that work for all. It just means we have to be back for the noon pre-application meeting.
