Re: Heating Application, 236 Brackett St., Portland, Me 04102

Remove two existing boilers and install two wall-hung, natural gas-fired condensing boilers. Boilers to be mounted on rear basement wall and vented through wall with Viessmann factory supplied sealed combustion coaxial vent material.

Equipment: Viessmann Vitodens 100 WB1B boiler (Two)
Viessmann Combi Plus Kit tankless domestic HW (Two)

Wall-hung, side wall vented

Side-wall venting: Viessmann sealed combustion, coaxial vent material
