RE: Building Footprint Construction Layout at 14 Blythe Court, Portland, ME (2131369L1)

Dear Donald,

Nadeau Land Surveys revisited 14 Blythe Court on Thursday, November 13th, to set no. 5 steel rebar in an excavated hole, to reproduce the extents of the original building footprint, as located previously by this office for reconstruction purposes. Please do not hesitate to contact us with any further questions.

Sincerely,
Nadeau Land Surveys

James D. Nadeau, P.L.S. #2124 (agent)

cc: James Smith, (contractor)
Jeffery Baker, (client)
