CITY OF PORTLAND, MAINE
IN THE BOARD OF APPEALS

56 W 10
Granted 11/2/67
67/31 64

MISCELLANEOUS APPEAL

Charles E. Spear, owner of property at 30-34 Dow Street
under the provisions of Section 24 of the Zoning Ordinance of the City of Portland, hereby
respectfully petitions the Board of Appeals to permit: increasing the height of the
existing minor garage from one to two stories. This permit is presently not issuable
under the Zoning Ordinance because a two-story accessory building is not allowable in
the R-6 Residence Zone in which this property is located.

LEGAL BASIS OF APPEAL: Such permit may be granted only if the Board of Appeals find that
enforcement of the terms of the Ordinance would result in undue hardship and desirable relief
may be granted without substantially departing from the intent and purpose of the Ordinance.

Charles E. Spear
APPELLANT

DECISION

After public hearing held November 2, 1967 the Board of Appeals finds that
enforcement of the terms of the Ordinance would result in undue hardship and desirable
relief may be granted without substantially departing from the intent and purpose of
the Ordinance.

It is, therefore, determined that such permit may be issued.

BOARD OF APPEALS

cc to: Corporation Counsel

Dear Mr. Spear:

We are unable to issue amendment to permit number 57/1004 to increase the height of the existing minor garage from one to two stories at the above named location because a two-story accessory building is not allowable in the R-6 Residence Zone in which this property is located under Section 7-B-5 of the Zoning Ordinance.

We understand that you would like to exercise your appeal rights in this matter. Accordingly you should come to this office in Room 113, City Hall, to file the appeal on forms which are available here. A fee of \$5.00 shall be paid at this office at the time the appeal is filed.

Very truly yours,

Gerald E. Mayberry
Director Building & Inspection Services

CITY OF PORTLAND, MAINE
IN THE BOARD OF APPEALS

October 30, 1967

TO WHOM IT MAY CONCERN:

The Board of Appeals will hold a public hearing in the Council Chamber at City Hall, Portland, Maine on Thursday, November 2, 1967 at 4:00 p.m. to hear the appeal of Charles E. Spear requesting an exception to the Zoning Ordinance to increase the height of the existing minor garage at 30-34 Dow Street from one to two stories.

This project is presently not issuable under the Zoning Ordinance because a two-story accessory building is not allowable in the R-6 Residential Zone in which this property is located.

All persons interested either for or against this appeal will be heard at the above time and place.

Memorandum from Department of Building Inspection, Portland, Maine

AP- 34 Dow Street

April 25, 1961

E. J. Robichaud
34 Dow Street

Dear Mr. Robichaud

Permit to demolish existing 4 foot 6 inch by 8 foot 6 inch platform and steps in side yard and to replace with a masonry platform 3 feet by 6 feet is being issued subject to our discussion as follows:

1. Platform and steps are to be of solid masonry extending a minimum depth of 4 feet below grade.

2. This permit is being issued without prejudice as to whether you will be able to use the existing attached shelter at the rear of your house for parking. A plot plan and additional information as to the construction and material of this shelter will be required before we can determine whether or not we can issue a certificate of occupancy for this use.

Very truly yours,

GEM/jg

NOTES

~~[Faint handwritten notes in the left column of the lined section]~~

Memorandum from Department of Building Inspection, Portland, Maine

10 Cobb Street—Installation of gas-fired furnace for Mr. E. Cobb by Portland Gas Light Company—9/27/50

Permit for the above installation is issued subject to the following. If this memorandum is not understood or if you are unwilling to abide by these conditions, it is important that you refrain from starting the installation and consult this office immediately:

Application states that a water heater of some type is connected or will be connected to the same chimney flue as the proposed gas-fired furnace. It is not clear whether or not this water heater is gas-fired or otherwise, but the application indicates that the water heater has an automatic shut off.

If the water heater is gas-fired and automatic, both it and the new gas-fired furnace require an automatic control on each appliance which will shut off all gas supply to the appliance, should the pilot light or low flame be extinguished.
