Install new handrail on the right side going up the stairs with pine handrail			

Kira, TOTAL **\$2,636.00**

Here is the estimate. I've priced it to be able to reuse many of the materials from the existing deck. I'll need an initial deposit of \$878.66 and another \$878.66 after item 6 is completed. Final payment due upon completion. Let me know if this is feasible and I will draw up plans to submit for a permit.
