Re: 696 Congress Street Notice of March 9, 2010

We would like to request an extension of the deadline for completion of the fire code violations of one month to May 12<sup>th</sup>. The building has gone through several periods of owners and we have determined what needs to be done with each opening. The doors have been ordered that will bring the building up to the fire department standards. Construction will begin in two weeks.

Sincerely yours,
