 Other building \_\_\_\_\_

## Memorandum from Department of Building Inspection, Portland, Maine

Alterations for Margaret Mollook by William Olson, Builder, of 35 Emery St.  
Sept. 17, 1942

To Owner and Builder:

I feel sure Margaret Mollook must have been the one who was in the office a few days ago saying that she had bought this single family house and desires to convert it for a lodging house. I told her that there is no way out of it but to provide architectural plans of all floors and basement, showing all features existing or necessary to provide to comply with Building Code and showing existing conditions clearly defined from the proposed alterations, the plans to be made by some person competent to understand the Building Code and make the plans to comply with it. The plans to be filed here as blue prints with all of the information on them printed from the original drawings.

That is still necessary, and in the meantime it is not lawful to use the building as a lodging house or any other use than a dwelling house until a permit and certificate of occupancy therefor have been issued from this department.

(Signed) Warren McDonald  
Inspector of Buildings

CC Mr. William Olson, 35 Emery St.

It is understood that this permit does not include installation of heating apparatus which is to be taken out separately by and in the name of the heating contractor.
