Hi Ron,

I am finally getting this permit application, very sorry for the delay. We are swamped yet again!

Quick question, in the application the height of the new sign is listed as "6 feet" - is this just the height above the fence, or the height from the ground? I need the measurement from the ground, total height from grade is supposed to be 16 feet or less. Not sure what the current sign's height is.

Also, I noticed the Certificate of Liability that was submitted expired in Nov 2015. Could you ask them to get a new one from their insurance agent and e-mail it to me?

Thanks for your patience as always,
Chris

Daniel,

Can you email an updated COI to Chris at the City of Portland? I've cc'd her in this email so you will have her email.

Thanks

Ron
