Dear Gabrielle,

This office has approved your application for the removal of one chimney at your 42 Taylor Street property. Approval is based on the specifications and information provided with the application dated November 6, 2017, and is subject to the following conditions:

- Roofing is to be patched with matching shingles.

All improvements shall be carried out as shown in the plans and specifications submitted to HP staff, except as specified above. Changes to the approved plans and specifications and any additional work that may be undertaken must be reviewed and approved by this office prior to construction, alteration, or demolition. If, during the course of completing the approved work, conditions are encountered which prevent completing the approved work, or which require additional or alternative work, you must apply for and receive a Certificate of Appropriateness or Non-Applicability PRIOR to undertaking additional or alternative work. This Certificate is granted upon condition that the work authorized herein is commenced within twelve (12) months after the date of issuance. If the work authorized by this Certificate is not commenced within twelve (12) months after the date of issuance or if such work is suspended in significant part for a period of one year after the time the work is commenced, such Certificate shall expire and be of no further effect; provided that, for cause, one or more extensions of time for periods not exceeding ninety (90) days each may be allowed in writing by the Department.

Sincerely,

Robert Wiener, Preservation Compliance Coordinator
