

# Historical Considerations

---

Location 16 Taylor St

This Property is in the West End Historic District

We have contacted and met with Deborah Andrews of the Historic Preservation Program to get guidance on how the new steps should be designed.

The new steps will use details such as:

- Bull-nosed edges
- Cove moldings on the stair treads
- Framed skirting below the stairs
- Narrowly spaced balusters
- Decorative newel post
- Deck materials with a painted wood appearance
- Trim details with a painted wood appearance
