cc to: St. Louis Church
287 Danforth Street

Dear Mr. McGrady:

Permit to erect a 16'x16' copper canopy on front of building at the above named location is being issued subject to plan submitted with application and the following restrictions:

There will need to be two 3/4" diameter thru bolts to be located above the horizontal center line, as lags and shields cannot be considered adequate as the only fastenings. Further attachment may be as indicated on plan.

Very truly yours,

Archie L. Seekins
Deputy Building Inspection Director

Gerry,

Enclosed is a little sketch which we propose to erect at St. Louis Church Danforth Street
Portland, Maine.

By using 3/4" bolts with shield four inches long
I feel that this should hold the canopy. It weight
be approximately 300 lbs. upon completion.

Jim

INTER-OFFICE CORRESPONDENCE

CITY OF PORTLAND, MAINE
FIRE DEPARTMENT

To: Mr Albert J. Sears, Building
Inspector
From: Captain Robert H. Flaherty

DATE: November 3, 1960

SUBJECT: St. Louis Church

Re: Permit to erect a metal fire escape -
to change window to door at 287 Danforth Street

In approving this permit, this office recommends
an outside white light above the top landing of
such size to give adequate light in case this
emergency exit is used *during the hours of darkness.*

12-289 Danforth Street

Nov. 8, 1960

F. W. Cunningham & Son
181 State Street
Att: Mr. Stanley A. Mikkelsen

Dear Mr. Mikkelsen:

Permit to replace present wooden platform and steps
and to construct a metal stairway to second floor as per plans,
is being issued subject to the following:

In approving this permit, Captain Flaherty of the
Fire Department recommends that an outside white light above
the top landing be of such size as to give adequate light in
case this emergency exit is used during the hours of darkness.
