---

Sorry for the confusion. After discussing the proposed budget internally we are estimating an additional \$3,000.00 budgeted for subcontractors for Phase 1.

This would bring the overall budget to \$15,042.00, meaning that we owe an additional \$50.00.

We will be contacting your office this afternoon to pay the outstanding amount. Please let me know if you have any other questions.

thank you,

-Morgan

To the best of my knowledge, the updated estimate has not been received.

I have passed this info on to Keith Hickman, the owner, who is also managing the project. He should be sending you an updated estimate sometime this afternoon.

Let me know if there else anything else I can help with.

Best,

-Morgan

Morgan, according to Jeanie Bourke, you are expanding (adding) to your original permit, #2013-02588. This will also change your cost of work, which means we need to update the charge as well.

What was your total cost of work, including any of the changes?
