Hi Katherine,

Originally we only requested a couple months to do this because we thought we only had a couple doors to do. Unfortunately we have 13 doors to do. Could we get an extension on this please?

All other items have been completed except for the fire doors.

We were hoping to have until 7/31/17 to complete this project although we will probably be done much sooner.

Please let me know if this is okay.

Thanks,

Dan Blake
