to me 

I am using the same size windows as what is their. I might have to replace some rotted sills. But I don't know until I start taking out the old units. I don't see any structural framing that needs to be replaced. I will probably have to replace some sheathing in spots as needed.

Thank you and let me know if I need to give you anything more on the project.

Ben

Notice: Under Maine law, documents - including e-mails - in the possession of public officials or city employees about government business may be classified as public records. There are very few exceptions. As a result, please be advised that what is written in an e-mail could be released to the public and/or the media if requested.
