Subject: Re: Permit #2604

Hello Chris,

The treads are 4' wide. Thanks for your help,

Keith

Hello Chris,

The front deck projects out 8', and is 17' long (8' of deck and 9' of landing).
The rear deck is 18' wide, and projects 7' from the rear of the house.

Thanks,

Keith

Keith,

Can you provide the dimensions for the following:

Front staircase - length and width

Rear deck - what is the width (amount it projects out from the rear wall of the house).

Thanks,

Chris

Hello Christina,

Attached please find the overhead view of the project and existing property within the property lines. Please let me know if you have any questions or need anything else.
