Re: 45 Summer Street, foundation location

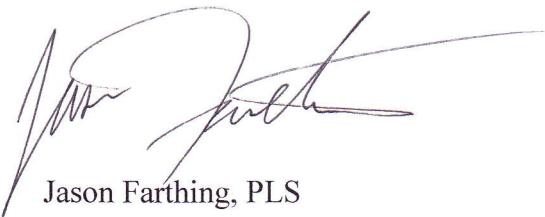

Donald:

Survey, Inc. staked the proposed foundation location atop the footing at 45 Summer Street on June 17, 2013. The proposed foundation was located and staked as depicted on plan entitled "Site, Utility, Grading & Drainage Plan", 45 Summer Street, for Mark McCain, by Survey, Inc. dated December 21, 2012 last revised 05/22/13.

The exterior foundation corners were pinned and verified to be set per said plan meeting the setback requirements as approved. All corners are setback from side property lines greater than 10-feet.

Please don't hesitate to call with any questions or concerns.
