Re: Waynflete School Lower School Construction Project, Demolition Permit Application,  
Sewer line continued use. Building Permit Application # 201700068

Dear Ms. Merritt,

Waynflete School will soon be starting the construction of the new Lower School. Wright-Ryan Construction is the Construction Manager for this project. Wright-Ryan is applying for a Demolition Permit, and I am writing to you to say that the School will be continuing to use the existing sewer connections on Danforth Street. We will also be creating a new connection to the Danforth Street line for our storm drainage system.

Please do not hesitate to call or email with any questions or comments.

Sincerely,

Anne C. Hagstrom  
Director of Finance and Operations
