Re: Waynflete Schools Temp Modular Classroom Installs

Scope of work: We intend to install addressable Fire Alarm devices in the 3 modulars being installed outside of the Emery Building on the Storer Street side. Buildings will have full addressable pull station and smoke coverage, they will also have horns and strobes per code, there will be a conduit running between the main school and the portables, the new modular's will be non sprinkled as they are only temporary as the new lower schools is being built.

Please feel free to give me a call after reviewing the submittals if you have any questions.

Sincerely,

Chris L'Heureux
President.
