Wednesday afternoon, November 14, 2007
Waynflete Arts Center Phase Two

We have a building committee meeting Thursday morning.
I would like to report to our owner if additional testing is required
for the areas other than structural listed below.

Thanks you for any answer you can provide.

Austin Smith AIA, Scott Simons Architects.

Mike:

I have enclosed answers to the questions you forwarded on 11.24.07.

In the folder below are:

SSA memorandum dated 11.29.07
Alternating tread staircase specifications
Life Safety plans of Ground, First and Second Floors. LS-1.1, LS-1.2
& LS-1.3.
Revised Mechanical Plans M-1, M-2 & M-3 with fire dampers positioned.

I know you have difficulty in opening attachments to e-mails.
All material will be printed and provided to inspections at city hall
before the end of the day.

Please note, that I will be out of the office on Friday but will
check with you first thing Monday morning.

Thanks very much
Austin Smith
Scott Simons Architects.

11/24/2007-ldobson: I'm nearly complete with the review of the project and have some questions:

- 1) The Musical classroom, room 116 has a maximum potential occupant load of but there is only a single means of egress. Please provide a code justification.
- 2) On the First floor plan view on page A-1.2, it appears that the only means of egress from this space is into the theater vestibule. I know I'm missing something, please explain. I see a second double door on fig. 1/ A-3.2. Just want to make sure I have it right! With regard to overall occupant load, and because we are relying on existing egress components, Please provide a life safety plan that summarizes total occupant load of the entire area (existing and proposed) and all of the elements of egress, with their dimensions. Please review Section 1024.2 and provide compliance information. (Main Exit Requirements)
- 3) Please provide UL listings w/ approved specs for all required fire separation assemblies.
- 4) Because the stage is greater than 1000 sq.ft., Emergency ventilation is required pursuant to section 410.3.7. Please provide this information.
- 5) Please provide fire/smoke damper specific locations.
- 6) Please provide specs for the alternating tread stairs that establishes compliance with all elements of section 1009.10.
- 7) Please provide a guard detail for the guard shown on the lower right corner on fig. 2/A-3.2.
- 8) Please provide a Plumbing fixture number assessment for the existing and proposed occupant load that establishes compliance with the State Plumbing Code (based on the 2000 UPC)
- 9) A reminder that all existing walls that will become party walls to the addition must be "fire walls" that meet all of the conditions of section 705, including existing elements such as doors and other openings.

Thanks,
Mike Nugent

Mike:

The hardcopies of the material were mailed to city hall inspections on Thursday, December 6.
If they do not turn up, I can print again and you could pick up directly from us.

We are quickly approaching the completion of the foundation and will require a full permit to proceed.
Please call us if you do not have the material by the end of the day.

Austin Smith
Scott Simons Architects.

CERTIFICATION

I hereby certify that I am the owner of record of the named property, or that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as his authorized agent and I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in the application is issued, I certify that the code official's authorized representative shall have the authority to enter all areas covered by such permit at any reasonable hour to enforce the provision of the code(s) applicable to such permit.
