### BUILDING PERMIT REPORT

DATE: 21 APRIL 2000 ADDRESS: 9 Bowbain ST. CBL: 062-D-009  
REASON FOR PERMIT: Remove bulkhead / Replace with bulkhead.  
BUILDING OWNER: Dr. Godfarb  
PERMIT APPLICANT: CONTRACTOR Woodward-Thomson  
USE GROUP: R-3 CONSTRUCTION TYPE: 5-0 CONSTRUCTION COST: \$15,000 PERMIT FEES: \$1400

The City's Adopted Building Code (The BOCA National Building code/1999 with City Amendments)  
The City's Adopted Mechanical Code (The BOCA National Mechanical Code/1993)

### CONDITION(S) OF APPROVAL

This permit is being issued with the understanding that the following conditions are met: \*1, \*2, \*11, \*12, \*29, \*34

1. This permit does not excuse the applicant from meeting applicable State and Federal rules and laws.
2. Before concrete for foundation is placed, approvals from the Development Review Coordinator and Inspection Services must be obtained. (A 24 hour notice is required prior to inspection) **"ALL LOT LINES SHALL BE CLEARLY MARKED BEFORE CALLING."**
3. Foundation drain shall be placed around the perimeter of a foundation that consists of gravel or crushed stone containing not more than 10 percent material that passes through a No. 4 sieve. The drain shall extend a minimum of 12 inches beyond the outside edge of the footing. The thickness shall be such that the bottom of the drain is not higher than the bottom of the base under the floor, and that the top of the drain is not less than 6 inches above the top of the footing. The top of the drain shall be covered with an approved filter membrane material. Where a drain tile or perforated pipe is used, the invert of the pipe or tile shall not be higher than the floor elevation. The top of joints or top of perforations shall be protected with an approved filter membrane material. The pipe or tile shall be placed on not less than 2" of gravel or crushed stone, and shall be covered with not less than 6" of the same material. Section 1813.5.2
4. Foundations anchors shall be a minimum of 1/2" in diameter, 7" into the foundation wall, minimum of 12" from corners of foundation and a maximum 6' O.C. between bolts. Section 2305.17
5. Waterproofing and dampproofing shall be done in accordance with Section 1813.0 of the building code.
6. Precaution must be taken to protect concrete from freezing. Section 1908.0
7. It is strongly recommended that a registered land surveyor check all foundation forms before concrete is placed. This is done to verify that the proper setbacks are maintained.
8. Private garages located beneath habitable rooms in occupancies in Use Group R-1, R-2, R-3 or I-1 shall be separated from adjacent interior spaces by fire partitions and floor/ceiling assembly which are constructed with not less than 1-hour fire resisting rating. Private garages attached side-by-side to rooms in the above occupancies shall be completely separated from the interior spaces and the attic area by means of 1/2 inch gypsum board or the equivalent applied to the garage side. (Chapter 4, Section 407.0 of the BOCA/1999)
9. All chimneys and vents shall be installed and maintained as per Chapter 12 of the City's Mechanical Code. (The BOCA National Mechanical Code/1993). Chapter 12 & NFPA 211
10. Sound transmission control in residential building shall be done in accordance with Chapter 12, Section 1214.0 of the City's Building Code.
11. Guardrails & Handrails: A guardrail system is a system of building components located near the open sides of elevated walking surfaces for the purpose of minimizing the possibility of an accidental fall from the walking surface to the lower level. Minimum height all Use Groups 42". In occupancies in Use Group A,B,H-4, I-1, I-2, M and R and public garages and open parking structures, open guards shall have balusters or be of solid material such that a sphere with a diameter of 4" cannot pass through any opening. Guards shall not have an ornamental pattern that would provide a ladder effect. (Handrails shall be a minimum of 34" but not more than 38". Exception: Handrails that form part of a guard shall have a height not less than 36" and not more than 42". Handrail grip size shall have a circular cross section with an outside diameter of at least 1 1/4" and not greater than 2". (Sections 1021 & 1022.0). Handrails shall be on both sides of stairway. (Section 1014.7)
12. Headroom in habitable space is a minimum of 7'6". (Section 1204.0)
13. Stair construction in Use Group R-3 & R-4 is a minimum of 10" tread and 7 1/2" maximum rise. All other Use Group minimum 11" tread, 7" maximum rise. (Section 1014.0)
14. The minimum headroom in all parts of a stairway shall not be less than 80 inches. (6'8") I014.4
15. Every sleeping room below the fourth story in buildings of Use Groups R and I-1 shall have at least one operable window or exterior door approved for emergency egress or rescue. The units must be operable from the inside without the use of special knowledge or separate tools. Where windows are provided as means of egress or rescue they shall have a sill height not more than 44 inches (1118mm) above the floor. All egress or rescue windows from sleeping rooms shall have a minimum net clear opening height dimension of 24 inches (610mm). The minimum net clear opening width dimension shall be 20 inches (508mm), and a minimum net clear opening of 5.7 sq. ft. (Section 1010.4)
16. Each apartment shall have access to two (2) separate, remote and approved means of egress. A single exit is acceptable when it exits directly from the apartment to the building exterior with no communications to other apartment units. (Section 1010.1)
17. All vertical openings shall be enclosed with construction having a fire rating of at least one (1) hour, including fire doors with self closer's. (Over 3 stories in height requirements for fire rating is two (2) hours. (Section 710.0)
18. The boiler shall be protected by enclosing with (1) hour fire rated construction including fire doors and ceiling, or by providing automatic extinguishment. (Table 302.1.1)

4/21/00

19. All single and multiple station smoke detectors shall be of an approved type and shall be installed in accordance with the provisions of the City's Building Code Chapter 9, Section 920.3.2 (BOCA National Building Code/1999), and NFPA 101 Chapter 18 & 19. (Smoke detectors shall be installed and maintained at the following locations):
  - In the immediate vicinity of bedrooms
  - In all bedrooms
  - In each story within a dwelling unit, including basements
20. A portable fire extinguisher shall be located as per NFPA #10. They shall bear the label of an approved agency and be of an approved type. (Section 921.0)
21. The Fire Alarm System shall be installed and maintained to NFPA #72 Standard.
22. The Sprinkler System shall be installed and maintained to NFPA #13 Standard.
23. All exit signs, lights and means of egress lighting shall be done in accordance with Chapter 10 Section & Subsections 1023.0 & 1024.0 of the City's Building Code. (The BOCA National Building Code/1999)
24. Section 25 - 135 of the Municipal Code for the City of Portland states, "No person or utility shall be granted a permit to excavate or open any street or sidewalk from the time of November 15 of each year to April 15 of the following year".
25. The builder of a facility to which Section 4594-C of the Maine State Human Rights Act Title 5 MRSA refers, shall obtain a certification from a design professional that the plans commencing construction of the facility, the builder shall submit the certification the Division of Inspection Services.
26. Ventilation and access shall meet the requirements of Chapter 12 Sections 1210.0 and 1211.0 of the City's Building Code: (Crawl spaces & attics).
27. All electrical, plumbing and HVAC permits must be obtained by a Master Licensed holders of their trade. No closing in of walls until all electrical (min. 72 hours notice) and plumbing inspections have been done.
28. All requirements must be met before a final Certificate of Occupancy is issued.
- \*29. All building elements shall meet the fastening schedule as per Table 2305.2 of the City's Building Code (The BOCA National Building Code/1996).
30. Ventilation of spaces within a building shall be done in accordance with the City's Mechanical code (The BOCA National Mechanical Code/1993). (Chapter M-16)
31. Please read and implement the attached Land Use Zoning report requirements.
32. Boring, cutting and notching shall be done in accordance with Sections 2305.3, 2305.3.1, 2305.4.4 and 2305.5.1 of the City's Building Code.
33. Bridging shall comply with Section 2305.16.
- \*34. Glass and glazing shall meet the requirements of Chapter 24 of the building code. (Safety Glazing Section 2406.0)
35. All signage, shall be done in accordance with Section 3102.0 signs of the City's Building Code, (The BOCA National Building Code/1999).

  
 P. Sample, Building Inspector  
 cc: Lt. McDougall, PFD

Property Name and Address:

Applicant

Name: Thomas Thomsen Telephone 774 9298

Company, if applicable: Woodward Thomsen Co., Inc.

Address: P.O. Box 10359  
Portland, Maine 04104

Property Owner, if different

Name: Dr. Walter Goldfarb Telephone 772 5727

Address: 9 Bowdoin Street  
Portland, Maine 04102

Architect (if any): N. A.

Contractor or Builder (if any): Woodward Thomsen Co., Inc.

Local Designation:

Landmark       Within Historic District       Historic Landscape District

Thomas W. Thomsen  
Applicant's Signature

Walter Goldfarb  
Owner's Signature (if different)

\*\* Note: No application fee is required. Applicant is responsible for costs of sending notices and placement of legal ad. Such costs shall be paid prior to issuance of Certificate/Building Permit or upon denial.

## I. DESCRIPTION OF PROJECT

Describe in a separate paragraph each type of proposed exterior architectural alteration, such as window replacement, roof replacement, porch alteration, repointing of masonry, or new addition/construction. Briefly describe the feature or materials affected by the work and give the approximate date that it was constructed, if known. Describe in detail the proposed work and how it will impact the existing feature. Use as many items as necessary to cover all aspects of the project. If more space is needed, continue on a separate page. Reference work items to accompanying drawings or photographs.

At grade on the rear elevation of 9 Bowoin Street, an existing wood structure enclosing a bulkhead stair to the basement needs to be removed temporarily to replace the foundation, as well as an adjacent concrete pad.

The owner would like to increase the size of the new bulkhead structure to include an additional 6 ft X 7 ft structure to the right side, making the new structure a total of 12 ft wide by 7 ft deep. The concrete pad on the left would be replaced and the existing trellis opening would be re established. The new structure would incorporate the existing door and frame. Roof, cornice, siding and trim details would all be the same, i.e., painted wood.

The new structure will enable the owners to have their snow blower and essential garden equip. in a convenient place that can be accessed directly from their home.

See attached sketch in plan and elevation.

## II. ATTACHMENTS

Provide a copy of the plans, renderings, drawings and written specifications of the alteration. To supplement your application, it would be helpful to submit photographs or slides of current conditions, material samples, site plans, sketches, historical documentation, or anything else that will illustrate to the Committee and staff the effect of the proposed change.

The following information is enclosed:

- |            |   |
|------------|---|
| _____      | Exterior photographs  |
| X<br>_____ | Sketches, elevation drawings and/or annotated photographs                                 |
| X<br>_____ | Floor plans   |
| _____      | Site plan showing relative location of adjoining structures, if located within a district |
| _____      | Specifications  |
| _____      | Other (explain) _____   |
- 

Please note: In order to be photocopied by the City, plans or drawings should generally not exceed 11" x 17". If you wish to submit larger plans, please provide 10 copies for distribution.

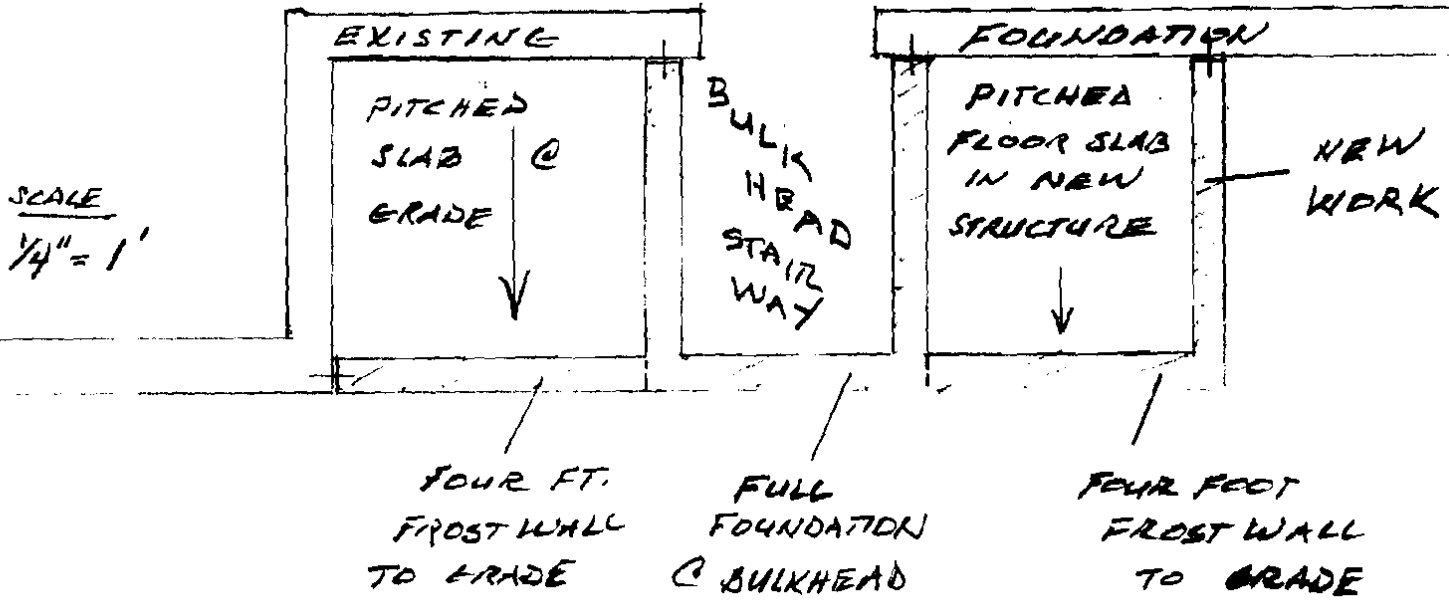

If you have any questions or need assistance in completing this form, please contact the Historic Preservation staff at 874-8721 or 874-8719 (Deborah Andrews, ext. 8726).

Please return this form and related application materials to:
