Material brick No. stories 2 1/2 Heat _____ Style of roof _____ Roofing _____
Last use tenement house No. families 4

General Description of New Work

To erect three story open rear piazza with stairway first to third floor - 9' x 27' at first floor level, 9' x 31' at 2d and 3d floor levels
To change window to door at each floor level
Plans 126, verticals, 9' open

The corner posts and intermediate posts are to be no less than 4x6 nominal dimensions or equivalent, and these posts are each to be made one continuous length or to be spliced at the floor levels. All splices are to be lapped splices at least eighteen inches long and in no case will a post be set on top of the floor below it. Where the piazza is fastened to the building it will be supported to proper nailing strips which in turn will be fastened to the brick work of the building with adequate expansion bolts.

It is understood that this permit does not include installation of heating apparatus which is to be taken out separately by and in the name of the heating contractor.
